

Posture Life

PostureTouch Pocket Coil

- A quality pocketed spring design offering enhanced support & minimal partner disturbance
- The configuration of the coils delivers maximum performance & offers more points of contact to support your body.

MiracleEdge Support

- Encases the coils to reduce motion transfer & delivers a larger sleep surface.
- A full perimeter edge support that adds stability & provides a firm seating edge.

Comfort Systems

- Comfort Architecture—build up of foam layers
- No-Sag comfort layers, for the life of the mattress
- Targeted pressure relief, minimises tossing & turning
